This is also good for smaller images of the hot shots sports photos.

Financial Arrangements

Your session fee is due when we take your portraits. **If you decide to take the gallery book out of the studio a \$200.00 pre-payment is due at that time. This pre-payment of \$200 will be applied to your order. There are no refunds on the pre-payment.** If you would like to order without taking the gallery book out of the studio you can view the images here at the studio and order that way. One-half of your total order is due when your order is placed. The final balance is due when your order is picked up. The entire order must be paid in full before it leaves our studio. No Exceptions. We are not responsible for any orders that are not picked up within three months.

Your Gallery Book must be returned within 10 days.

If you do not return your gallery book, it could prevent your picture from being in the yearbook.

Picking up finished portraits

Yearbook photos are included in the pose of your choice at no extra charge. We'll notify you when your finished portraits are ready (in about 4-6 weeks).

Frames can also be ordered at this time. No photographs (wallets, etc.) can leave the studio until the entire order is paid in full.

Because we shoot outside of the studio at other locations, and we are a small-staffed studio,

PLEASE CALL or EMAIL US BEFORE DROPPING BY.
